

QUndoCommand

```
graph BT; A[gui::DesignPanel::MoveItem] --> B[QUndoCommand];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'gui::DesignPanel::MoveItem'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'QUndoCommand'. The arrow indicates that 'gui::DesignPanel::MoveItem' inherits from 'QUndoCommand'.

gui::DesignPanel::MoveItem
